**DO NOT DISCARD - IMPORTANT NOTICE REGARDING ELECTRICITY RATES**

City of Boston  
Mayor Martin J. Walsh

Dear neighbor,

Boston has long been a leader in climate action. As a coastal city, we are on the frontlines of climate impacts like sea level rise and flooding. We are already seeing how these changes affect communities of color, low-income communities, and other socially vulnerable populations, first and hardest. In recent years we have taken significant action to reduce the emissions that *cause* climate change, and to protect our neighborhoods from the *effects* of climate change, focusing on the populations that are most at-risk.

The COVID-19 pandemic has reinforced the importance of planning for the future, making sure all of our decisions are rooted in science and data, and prioritizing public health in everything we do. As we move forward with this strong focus on sustainability and equity, we're proud to take our next step toward greater energy efficiency.

In order to deliver safe, affordable, and renewable electricity to residents and businesses, we have started the new **Community Choice Electricity** program. The program will allow the City of Boston to harness our collective buying power to purchase affordable and renewable electricity, and deliver electricity in a way that is safe and convenient for all customers. The more customers in this program, the more renewable energy we can bring into our city. The program will allow residents to better control their energy future by putting decision-making power in the hands of a public entity, the City of Boston. Although the program cannot guarantee cost savings, the City of Boston is committed to working towards affordable and stable electric rates.

The enclosed materials include important information to consider when deciding whether you want to buy your electricity through the Community Choice Electricity program. The City of Boston will continue to send you updates about this program and your options. You can also visit [boston.gov/community-choice-electricity](https://boston.gov/community-choice-electricity) or call 3-1-1 for more information on the program and the choice presented in the enclosed Consumer Notification Form.

Boston is already one of the most energy efficient cities in the United States, and the start-up of the Community Choice Electricity program is an important step helping us reach our ultimate goal of carbon neutrality by 2050. I invite you to consider being a part of this program in order to ensure a more resilient, sustainable future for Boston.

Sincerely,

A handwritten signature in black ink, appearing to read "Martin J. Walsh".

# THE CITY OF BOSTON'S COMMUNITY CHOICE ELECTRICITY PROGRAM CONSUMER NOTIFICATION

December 4, 2020

Dear Boston Basic Service Consumer:

The City of Boston is pleased to announce that **Constellation NewEnergy, Inc.** (“Constellation”) has been selected as the supplier for its Community Choice Electricity Program (“Program”). This Program is a municipal aggregation which enables local government to combine the purchasing power of its residents and businesses to provide them with an alternative to Eversource Basic Service (M.G.L. c. 164, § 134). This Program only affects the supply portion of your monthly bill. It will not affect the delivery portion of your monthly bill. Eversource will continue to deliver your electricity but Boston has chosen the supplier for the Program. Constellation will provide electric power supply for all consumers currently on Basic Service in Boston. This letter is intended to tell you about this Program for electric power supply. In accordance with state law, it also informs you of your rights and options if you choose not to participate in the Program.

- ✓ **YOU WILL BE AUTOMATICALLY ENROLLED IN THIS PROGRAM UNLESS YOU CHOOSE NOT TO PARTICIPATE AND OPT-OUT.**
- ✓ **YOU MUST RESPOND BY JANUARY 11, 2021 IF YOU DO NOT WISH TO BE AUTOMATICALLY ENROLLED.**

**YOU WILL NOT NOTICE ANY CHANGE IN YOUR ELECTRICITY SERVICE.** The only difference you will see is that Constellation will be printed under the “Supplier Services” section of your monthly bill. You will continue to receive one bill from Eversource. You will continue to send your payments to Eversource for processing. Eversource will continue to respond to emergencies, read meters and maintain the distribution and transmission lines. Reliability and quality of service will remain the same. Furthermore, you will continue to have all existing consumer rights and protections.

\*Rate may increase as a result of a change in law that results in a direct, material increase in costs during the term of the contract.

#### IMPORTANT INFORMATION

- At Program launch, the Residential and Medium & Large C&I aggregation rate is lower than Eversource's Basic Service rate. The aggregation rate is fixed for 9 months (February 2021 to November 2021) while Eversource's Basic Service rate changes twice a year, in January and July. As a result, the aggregation rate may not always be lower than Eversource's Basic Service rate. The goal of the aggregation is to deliver savings over the life of the Program against Eversource's Basic Service rate. However, **SUCH SAVINGS AND FUTURE SAVINGS CANNOT BE GUARANTEED.**
- There is **NO CHARGE TO OPT-OUT** of the Program and return to Eversource Basic Service.

« SEE BACK FOR ADDITIONAL INFORMATION »

**IF YOU HAVE BEEN MAILED THIS NOTIFICATION** you do not need to take any action to participate in the Program.

**ALL BASIC SERVICE CONSUMERS** who have been mailed this notification will be AUTOMATICALLY enrolled in the Program and start benefiting from the aggregation rate beginning on the day of the month in February 2021 that your meter is read. This date varies by service area. Your meter reading date is shown on your bill.

**WATCH YOUR EVERSOURCE BILL FOR FURTHER NOTIFICATION** of the Program.

- Your February 2021 bill will state that you are being switched to Boston's Program.
- Your March 2021 bill will show Boston's supplier and aggregation rate under "Supplier Services".

**BUDGET PLAN OR ELIGIBLE LOW-INCOME RATE CONSUMERS** will continue to receive those benefits from Eversource.

**SOLAR PANEL AND COMMUNITY SOLAR CONSUMERS** will continue to receive net metering or on-bill credits while receiving electricity supply under the Program and the value of these credits will not be altered by participating in the Program.

**ANY APPLICABLE TAXES WILL BE BILLED** as part of the Program's power supply charge. You will be responsible for identifying and requesting an exemption from the collection of taxes by providing appropriate documentation.

**TAX EXEMPT SMALL BUSINESS CONSUMERS** must email or fax a copy of their Energy Exemption Certificate directly to Constellation at [CNETaxForms@constellation.com](mailto:CNETaxForms@constellation.com) or (877) 243-4968 (fax) in order to maintain their tax exempt status.

**IF YOU HAVE ALREADY CHOSEN A COMPETITIVE SUPPLIER ON YOUR OWN** you must opt-out of this Program. This will ensure you continue to get your electricity from that Competitive Supplier.

**IF YOU HAVE ALREADY CHOSEN A GREEN POWER SUPPLY OPTION THROUGH EVERSOURCE** your participation in this Program will not affect your participation in that Green Power Supply.

**IF YOU DO NOT WISH TO PARTICIPATE IN THIS PROGRAM** you may: 1) Opt-out and continue paying Eversource's Basic Service rate; or 2) Opt-out and choose your own Competitive Supplier (if one is available to you).
